

ATB Printer Cabling Instructions

Modem to Journey Cabling Instructions

1. Power off both the modem and Journey printer.
2. Attach the connector labeled “ATTACH TO MODEM SERIAL PORT ONLY” to the modem serial port.
3. Secure the connection with the screws on the connector.
4. Attach the connector labeled “ATTACH TO JOURNEY PRINTER ONLY” to the Journey COM 1 INPUT port.
5. Secure the connection with the screws on the connector.
6. Power on the modem.
7. Power on the Journey printer.
8. Verify, on Journey, that the Baud Rate on COM 1 matches that of the modem.
