
TP-2000 TABLE INSTALLATION INSTRUCTIONS

Tools Required:

No. 2 Phillips screwdriver

Tabletop Assembly

1. Remove table, two brackets, four #8-32 screws and four #10-32 screws from packaging.
2. Secure brackets to the side of the printer legs with #8-32 screws (brackets can be mounted to left side or right side of printer).
3. Complete assembly by securing tabletop to brackets with #10-32 screws.
